Education

Diploma: Computer Programming | Toronto, ON   *Sept 2020 – Dec 2022*

Seneca College of Applied Arts and Technology

Gained extensive experience in multiple programming languages, software design, and system analysis. I comprehensively understand computational thinking, machine language learning, and creative problem-solving. I honed my leadership skills by successfully taking charge of group projects, effectively delegating tasks, and streamlining workflow.

Projects

Personal Portfolio | HTML, JavaScript, CSS   *Jan 2023*

- Built a fully responsive website from scratch, showcasing my programming experience and skills
- Pure HTML, JavaScript, and CSS—no third libraries accessed

Metropolitan Museum Database | Next.js, JavaScript, Bootstrap, MongoDB   *Dec 2022*

- Built a fully responsive website from scratch in multiple phases, works on web or mobile
- Users can register a profile, log in, search the entire museum database (over 800,000 items) for pieces matching a specific geographical location, medium, or any other search query/descriptor, and save items to their favourites
- Once a user registers, they are assigned a token and their password is securely encrypted

Purefect Pet App | HTML, JavaScript, CSS   *Nov 2021 – Dec 2021*

- Built from scratch a pet adoption website
- Users can choose to view pets by type of animal or age

Work Experience

Chotto Matte Toronto | **Server**   *May 2022 – Present*

Provided exceptional dining experiences for guests in a high-end restaurant setting. Worked calmly under pressure managing multiple priorities and guest needs, and demonstrated a deep understanding of food and beverage knowledge.

INK Entertainment – Multiple Locations   *Aug 2018 – Oct 2020*

Server/Supervisor – Amal

Responsible for opening and closing the restaurant, training staff, delegating work, and supervising 10-15 employees.

Bartender/Server – La Société   *Aug 2018 – Dec 2019*

In charge of tracking, ordering and organizing bar inventory, and creating new cocktails on top of regular service.
